

I-25 S-Curve Area Study

Public Meeting Survey Packet

Wednesday, Nov. 15, 2023

This survey packet is one way to contribute to the public comment period open now through Dec. 17, 2023.

As you go around the room to view materials and listen to the presentation, fill out the different sections of the survey. Some survey questions are required, indicated with an *.

Each station around the room shares information about the topics covered in this packet.

There are tables with pens throughout the room you can use to fill out questions. If you have any questions as you go, find a study team member to assist.

A survey with the same questions is available online for those who could not attend in person. **You should only complete one survey.**

Please turn in this survey packet before you leave today.

Reach out to the study team with any questions.

I-25 Alignment

Complete this section after viewing materials at Station 2: I-25 Alignment.

Do you think straightening out the I-25 S-Curve in the study area is something you would support?

- Yes
- No

Each shift shown is a concept and represents a 400-foot width. There is overlap in each of these ideas. As the study progresses, the different alternatives will include variations of the shifts shown.

Based on the information, how do you feel about the different ideas to shift I-25 in the S-Curve?

Reach out to the study team with any questions.
